Dual Admission Program with ITCC

An opportunity???

1. Purpose: to increase the number of students who receive a baccalaureate degree through a quality program.

2. Benefits
   a. More students will have a better prepared pathway to a baccalaureate degree.
   b. Could especially serve first gen and underserved student populations
   c. Bring ITCC and IU together on curricular issues in the name of student learning and success

3. Liabilities:
   a. Potential reduction in enrollment at the regional campuses.
   b. Students from the program are not prepared to move into the baccalaureate program

4. What’s happening around IU?
   a. Some campuses send letters to denied students, informing them how to address deficiencies and how to come back
   b. One campus uses a contract
   c. IUB and IUS invite students to live on campus while they take courses at ITCC
   d. IUPUI numbers?

5. What is it? How it works? Certain students would be identified for the program and would be guaranteed into a program, provided they had met specific parameters outlined, such as achieving an AA or AS, maintaining a certain GPA, complete in ‘x’ amount of time, etc.
   a. FIU/Miami-Dade Program
      i. Associate degree to baccalaureate
      ii. Bridge advisors from FIU assigned
      iii. Three intervention points
      iv. Handled through Student Services
      v. No significant additional funding source was used
